

Clean, pure & simple.

Kinetico's TX membrane system ensures that nothing but clear, safe water flows through your whole home. All day, every day.

 Kinetico®
home water systems

Relaxing showers.
Tall, cool drinks.
Whites that stay white.
Water that looks, feels and tastes
like water.

Our Professional Promise

Kinetico dealers hold themselves to loftier standards. Whether providing a thorough analysis of your home's water, explaining how water systems work or recommending one that's right for you, one thing is certain. Nobody brings a higher degree of professionalism into your home.

We promise.

Rely on your Kinetico professional to provide full service maintenance on your entire water system.

touch

Kinetico's soft, dechlorinated water eliminates the drying effects of hard water on your skin and hair. It also lets detergent do its job, freeing clothes from dirt and grime, then rinsing completely away.

sight

Kinetico conditioned water is completely clear—no color, no cloudiness. Kinetico water will not stain clothes in the wash or stain your fixtures.

savings

Kinetico water eliminates lime buildup, rust stains and soap scum. That translates to less time and money spent cleaning and a house full of water-using appliances that can easily outlive their warranties. Clean, safe Kinetico water also means good-bye to the inconvenience, expense and waste of bottled water.

Clearly hassle-free

Included with every Kinetico TX is a **three year limited warranty**. Your neighborhood Kinetico professional can add a service agreement to your package. This means that any maintenance that is required for the system will be taken care of by a Kinetico water expert. In other words, you'll never have to worry about your water again.

Decades of Thinking

With every Kinetico home water system comes more than 35 years of exclusive innovation and unique technology that translates into better water all through your home.

Since 1970, Kinetico has developed more than 80 U.S. and foreign patents. Because Kinetico product designs are patented, the only way to enjoy the benefits of our better water is with a genuine Kinetico system.

Kinetico experts make all your water problems go away.

Unfortunately, the water that runs through our homes often contains contaminants that make it smell bad, taste funny, look wrong or even pose health risks. Some common symptoms of water problems include:

"Rotten egg" smell

Cloudy water

Chlorine taste or smell

Musty, earthy, fishy taste or smell

Tough stains or metallic taste

Hard water

With a Kinetico TX membrane system and the help of Kinetico water experts, all your water worries evaporate. The TX effortlessly generates thousands of gallons of water every day, giving you nothing but pure water at every tap. So you can use water the way you've always used water and your life can go on as planned.

Clean, pure water. It's not too much to ask.

the Benefits of Better Water

Kinetico water is free from foul odors and tastes, as well as those agents that cannot be seen, smelled or tasted. With pure Kinetico water, you'll notice a clear difference all around you.

taste

Crystal clear Kinetico water is completely safe to drink straight from every tap. And when used to wash and cook food, Kinetico filtered water makes your favorite recipes taste even better.

smell

Kinetico treated water is actually smell-free. Enjoy relaxing showers and baths, brushing your teeth or getting a glass of water from the tap without even a hint of foul odors.

see
the difference

Frontline defense against large particles and sediment such as dirt, iron and other suspended solids helps to protect your system's membrane and readies water so that it may be softened and filtered into pure, drinking-quality water.

feel
the difference

Reduces calcium and magnesium in hard water for luxuriously soft, conditioned water without disruption.

taste
the difference

Provides clean, odorless, great-tasting water at every tap by removing nearly all impurities. Have a drink, brush your teeth —enjoy.

Kinetico TX

Whole House Membrane System

While our basic system's elements are described here, your system will be configured by your local Kinetico professional, based on your water's specific needs.

The membrane filter traps contaminants using a semipermeable material that only water can pass through to produce the finest quality water in the world.

Disinfection A disinfection generator keeps the water that's been treated clean.

A large capacity tank ensures you have a continuous supply of clean water 24/7/365. Use as much or as little as you need—the TX Membrane System is capable of generating thousands of gallons each day.

Finishing-stage carbon filters provide great-tasting water. Calcite enhancements supply the water with minerals that are beneficial to your health while protecting your appliances and your pipes.

Kinetico Membrane Systems remove everything from water that isn't water.

The TX Membrane System is even capable of tackling specific water problems head on:

- Iron removal—Rust-free water puts an end to stained fixtures, clothing and appliances
- Odor-causing impurities—Freedom from foul rotten-egg odors
- Chlorine removal—Eliminates the taste, smell and drying effects caused by chlorine
